ALL TOGETHER NOW

MISSOURI DEMOCRATS WILL VOTE TOGETHER.

18 VOTES FOR WOODROW

State is Conceded to Democrats by Eastern Men Sent to Look Over Ground.

St. Louis, Sept. 20.—What will Missouri do in the presidential election?

This question, frequently asked by students of politics, is easily answered. Missouri will give Woodrow Wilson eighteen electoral votes, says Frederick W. Steckman, a special correspondent of the Washington Post.

Any one who doubts this prediction may verify it by dropping into any city or hamlet in the "Show Me" state. And the ninth congressional district, which Champ Clark has represented with honor and distinction at Washington for many years, is not barred in the investigation.

The "bloody ninth," as it has been called since the terrific battle for supremacy between Mr. Clark and Col. Dick Norton nearly a quarter of a century ago, has never failed to roll up a majority for the Democratic national standard bearer and it won't fall behind this year.

There are no factions in Missouri now to hinder the progress of Gov. Wilson there. Internal dissensions, coupled with local conditions, lost the state to Mr. Bryan in 1908 by a plurality of only 629 out of 638,777 votes cast. Family differences also cost Judge Parker the state in 1904.

These sore spots have been removed and even the most optimistic Republican or third term party man must admit that there is little comfort for either of them. The united, militant Democracy of the imperial state is now only awaiting the dawn of November 5 to show its loyalty to the men nominated by the historic convention at Baltimore.

It has often been said that any man can be a good winner, but only a real man can be a good loser. The Missouri Democrat belongs in the latter classification.

Not only was this made evident when Speaker Clark hastened to congratulate his successful rival after the Baltimore victory had been announced for the New Jersey man, but on more than one occasion Missouri Democrats have shown their manhood in local scraps.

There are no small men in the Democracy of Missouri. They presented a strong front at Baltimore, fought the best fight they knew, but when they lost they stepped with stalwart stride into the path made by Champ Clark to Seagirt and today every man of them, each of whom is an idol in his particular sphere, is on the firing line for Wilson and Marshall.

Mr. Clark is on the stump in the far west; Reed, who placed Clark in nomination at Baltimore, is ably directing an important department in the western Democratic national headquarters at Chicago; Francis, through his great newspaper, the St. Louis Republic, is firing broadsides into the common enemy's camp, and Stone is lending his wisdom and voice to the cause he has fought for in countless campaigns.

Folk is in the thick of the fray. "Wilson is our kind of a man," he wrote to a friend, when asked his opinion of the action at Baltimore. For a time some deluded persons in the third term party thought they could induce Folk to accept the second place on the Bull Moose ticket. The great reformer did not leave the third termers long in doubt. His flat refusal to join the ranks, even to accept a doubtful honor, crushed the hopes of Roosevelt and his followers for the formation of a non-partisan rather than a remnant Republican organization.

Since 1904 Missouri has been considered a pivotal state, as much so as Maryland, which split its electorate in 1908. Political sages, however, foresee the complete passing of the "Mysterious Stranger" this year. Even the New York Herald, never a Democratic supporter, has put Missouri on the Democratic side in its recently published presidential campaign map.

The absence of defection in Missouri has disheartened the combined opposition. With the Democrats together there, the realization is forced upon them that everywhere the forces of Jefferson are marching in solid phalanx on Washington, which they propose to possess after March 4 next.

WILL BE ONE OF THE FEATURES

At the State Fair at Sedalia—Many Exhibits Will Be There.

One of the features of the state fair which is growing rapidly in popularity is the work exhibited from the public schools. In 1911 this exhibit was twice as large as ever before and the indications are that in 1912 it will be much larger than last year. The state fair board has provided additional space and elaborate plans are being worked out for installing the exhibits.

The following are some of the city schools that will have exhibits this year: Joplin, Springfield, Hannibal, Bolivar, Lexington, Clayton, Jefferson City, West Plains, Trenton, Oregon, Sedalia, Oronogo and Montgomery City. In the special school class the normal schools at Kirksville, Warrensburg, Cape Girardeau, Springfield and Maryville will make exhibits. Then in addition the rural schools in the following counties will have work exhibited: Adair, Moniteau, Clark, Marion, Shelby, Howell, Grundy, Atchison, Pettis, Newton, Washington, Cooper, Lafayette, Johnson, and many others.

The educational exhibit is under the care of Superintendent Wm. P. Evans, who is an ex-officio member of the state board. He allots the space and attends to the installation of exhibits. Mr. W. N. Laidlaw, a member of his staff, has personal charge of the exhibit and speaks as follows concerning some features of it that he has worked out.

This year the premium list has been revised so as to place emphasis on the study of agriculture, manual training and domestic art. Prizes are offered for the best essay on "How to Grow Corn," the best agricultural notebook, the best exhibit of plain sewing, etc.

Also plans are being made to have a room where actual class room work in domestic science, domestic art and manual training can be demonstrated. It is believed that this will be a very popular feature of the state fair. By this means it is hoped to demonstrate the fact that it is possible to do some of this kind of work even in the small town and rural schools where it is possible to have but little equipment.

A new feature, proposed for next year, will be of special interest to the boys of the state. Each county is to furnish one boy to be the guest of the fair without expense for travel or keep. This boy will be chosen under the direction of the county superintendent of schools. While at the fair he will spend part of his time as guide or messenger, and part studying the exhibits under the guidance of experts. If this plan is worked out one boy from each county will have a great opportunity to learn more about our state.

FIRE PREVENTION DAY FIXED.

Governor Announces October 9 as Date for Missouri Observance.

A proclamation was issued by Governor Hadley selecting Wednesday, October 9, as fire prevention day all over the state. Merchants, manufacturers, housewives and all others are requested to devote that day to placing the property each has control of in such shape that the danger of fire is lessened, a step which will have thousands of dollars and many human lives during the coming winter.

Chimneys which are defective through storm damage during the spring and summer are supposed to be repaired and anything which affords a source for the origin of fire made safe.

A similar proclamation was issued last year, and much good done by it.

A. Huffstutter Left.

Guy C. Clary, cashier of the Jackson bank at Clearmont, and D. Huffstutter are here today endeavoring to straighten up the business affairs of the Huffstutter meat market. A Huffstutter, who has been managing the business for several months, left on the Wabash freight Monday forenoon and no word has been received from him by his wife or father. D. Huffstutter, in conversation with a representative of the Post this morning, said that the business had been running behind for some time and that he thought this had discouraged his son and caused him to leave. It is probable that the stock will be invoiced today and an effort made to get the business adjusted.—Burlington Junction Post.

HOLD UP AT DAWSON

JOHN ADAMS OF DAWSON ATTACKED BY TWO MEN.

SAVED BY HIS DAUGHTER

Miss Dora Adams Put Up Brave Fight and Received Scalp Wound From Pistol Shot.

John Adams and his daughter, Miss Dora Adams, who are running a store and also the Wabash station at Dawson, a town west of Burlington Junction, had an exciting experience Thursday night when two men attacked them at their home in an attempt to rob Mr. Adams. Mr. Adams was injured, but not seriously, and was up and around Friday morning. His daughter received a scalp wound and also other bruises and was confined to her bed today. Her injuries are not serious.

Mr. Adams and his daughter had closed up their store for the night about 8:30 o'clock and walked to their home, just a block from the store. Arriving at their home Mr. Adams went out to get some kindling, and in coming into the house was attacked by two men, one a very tall one and the other a short man, rather heavy built, and they at once ordered him to put up his hands.

They had a revolver and Mr. Adams, instead of complying with their command, commenced to fight at once. He was in the house at this time, just inside the kitchen screen, and the two men came in and pulled him outside of the house, beating him on the head with their revolver. By this time Miss Dora Allen, who had undressed for the night and was in her nightgown, appeared on the scene with a chair and grappled with the two men and fought with them. She was able to get her father back into the house and then out of the men shot at her, the bullet just grazing her scalp. Another shot was fired, but no one was hit. By this time the two men left the place, running north from the Adams home.

The young woman put up a wonderfully brave fight against the two men and she was just utterly worn out Friday. She probably saved her father from being robbed. As it was no money or anything else was taken.

Sheriff Tilson was notified of the attempted robbery and hired an automobile and with Deputy Sheriffs Evans, Wallace and Bert Mack went to the scene, arriving just sixty-five minutes after the news of it had been received by him. There are no tangible clues, except two men were seen to get off a freight train at Dawson Thursday and enter a corn field near the track. The officers took this track, but owing to the hard rain that fell up there Friday morning were unable to go very far.

Miss Adams said that the two men were blackened, as part of the charcoal or whatever was used on their faces was rubbed off in the struggle.

Sheriff Tilson and the other deputies came back to Maryville on the noon Wabash train. Sheriff Tilson left four men in charge at Dawson.

BIG DAY SATURDAY

EVERYTHING POINTS TO BIGGEST DAY FOR STREET FAIR.

THE PROGRAM A GOOD ONE

It Includes the Shetland Pony Show and the Children's Parade and Other Interesting Features.

The rain of Thursday night has put quite a damper on the street fair Friday, but as fair weather is promised for Saturday, and with no rainfall between Thursday night and that time, the roads will be in good condition and everybody will come to the children's carnival, which promises to be the best thing of the week, as it did last year.

There was a big crowd out Thursday night, and, as usual, the principal free attractions were the Cornall's acrobatic acts and the flying DeAlens. Everybody is pleased with their performance. All of the shows were well patronized. Thursday was the biggest day so far.

On Friday there is only a fair attendance in the city, and by evening it is expected that the crowd will be much bigger. All of the program was given today.

If it is nice and clear on Saturday, it will be the biggest day of the fair. Aside from being the closing day, there are several excellent features.

Fraternal Parade This Evening.

The fraternal parade will be given this evening at 8:30 o'clock, and all lodges that will take part are urged to meet at their respective lodge halls at 8 o'clock promptly. Two floats will be in the parade, one by the Owls and one by the W. O. W. The Owls float is said to be one of the prettiest ever in a parade in this city.

The parade will probably start from the Elks club at 8:30 o'clock and will march around the square. It will be headed by the Maryville band. Each man in the parade will have Roman candles, which will be lighted. The parade will be similar to some of the old-time political parades.

Pony Show Saturday.

The Shetland pony show will be the main attraction Saturday morning. It will be held on Main street, in front of the court house. There are \$50 in prizes. The committee, Jim Andy Ford and R. P. Hosmer, say there will be a large number of entries.

Children's Carnival Parade.

The children's parade will be one of the main features of the street fair. The parade will form at the Empire theater at 1:45 o'clock Saturday afternoon, and will march from that place to the Maryville National bank, then around the square, and disband at the theater.

GIVE US A LIFT

FOR THE DEMOCRATIC CAMPAIGN FUND.

WILSON LOOKS TO PEOPLE

Trusts Will Not Be Allowed to Finance His Campaign and Popular Contributions Are Necessary.

The Democrat-Forum is in receipt of the following from Senator Reed:

To the Editor of the Democrat-Forum: The national Democratic committee is endeavoring to finance a campaign so far as possible by voluntary contributions sent in by the Democrats who subscribe solely from patriotic motives. They have, therefore, asked the Democratic press of the country to call the attention of their subscribers to the necessity of assisting the committee to carry on its work, and have requested that the Democratic newspapers open their columns for popular subscriptions, and in this way aid in collecting funds.

Recent disclosures have made plain the fact that for many years the great financial and industrial concerns of the country have exercised an evil influence on the policies of the Republican party by financing its campaigns. The old method has amounted to little more than the sale of legislation in advance. The Democratic party has always denounced this system, and public opinion has at last been aroused to the nature and extent of the evil. It is the desire of the national Democratic committee to secure the necessary funds for the proper conduct of the campaign from the great masses of the people. If this can be done, the amount subscribed by each, though small, will afford sufficient money so that the campaign may be properly conducted.

The Democratic party is fighting the battle of the people and must look to them for support. A subscription of a dollar or less, will be gratefully received, and it is earnestly hoped that patriotic Democrats in Missouri will promptly respond to this appeal.

Will you not kindly open your columns for subscription? The press contributions bureau, which is under Col. Robert Ewing, Karpen building, Chicago, is anxious to co-operate with you.

Sincerely yours,

JAMES A. REED.

The Democrat-Forum will receive your contribution and will publish the list of those giving. If you want to give any toward the national campaign, do so at once as the money is needed now.

Hopkins Guests at Wedding.

Among the Hopkins guests at the street fair wedding Thursday afternoon were Miss Frances Lindsay, Mrs. F. B. Monroe, Miss Ethel Ulmer, C. A. Wolfers, Sr., and family, Mrs. Ed Brown, Fred Sholey and son John, Mr. and Mrs. George Cassel, Mr. and Mrs. Peter Shafer, Mr. and Mrs. Jacob Louder, Mr. and Mrs. Henry Russell, Mr. and Mrs. Harry Bollinger, Mrs. Ed Groves, Mrs. Horace Goodrich, Mrs. Ross Albright, L. Hopple, E. Meadows, Fred Allen.

Mr. and Mrs. Harry Bollinger, who were the street fair bride and groom of 1911, could appreciate the event more than any one there, probably. Mrs. Bollinger, everybody agreed, looked as much a bride Thursday as she did on her wedding day. If you do not know her, she was the young woman in a pink silk messaline gown, wearing a black fur coat and big white picture hat with two immense pluk willow plumes on it.

T. R. A. MAGICIAN, BRYAN SAYS.

In a Commoner Editorial the Nebraska Attacks the Colonel.

Lincoln, Neb., Sept. 19.—William J. Bryan in a Commoner editorial today grills Colonel Roosevelt for a recent North Dakota speech and styles the Bull Moose candidate as a sleight of hand performer. The Bryan article says:

"In North Dakota Roosevelt, the magician, waved his wand and divided the voters into two classes—those who are with the Bull Moose party and against Wall street, and those who are against the Bull Moose party and with Wall street. How easy it is; just a few words and all the 'absolutely pure' assemble themselves under the Perkins-Roosevelt standard and the bad divide among the two old parties. And yet that is the same Roosevelt who, less than a year ago, could not see enough difference between Taft and La Follette to justify him in taking sides against Mr. Taft, but as soon as he becomes a candidate himself the man who does not embrace the trusts and shout for a third term becomes an enemy of his country. Can he fool the public with his sleight of hand performance?"

FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of ointment—double strength, from any first class druggist and one night's treatment will show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask for the double strength ointment, as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

A Popular Window.

The show window of Price & McNeal's furniture store is without doubt the most popular place in town. They have made a regular old-fashioned millpond picture of their window. The little old log mill stands in a wooded place by the side of a good-sized pond in which seven of Mrs. O. E. Jones' Indian Runner ducks and ducklings are having the time of their lives. An electric motor furnishes the power that turns the water wheel and the water runs over merrily. A good old standby customer waits in his wagon in front of the mill and is just ready to start off with his sackful of meal that has just been ground. It's a dandy window attraction and was the work of Clun Price.

Nelson Will Filed.

The Hans Nelson will was filed in probate court on Thursday afternoon. The will was written May 27, 1907, and was witnessed by E. S. Fannon, Andrew Jensen and Rasmus Lorenson. To the children of his present wife's deceased daughter, Anna Hefflin, \$5 was given to be equally divided. The rest and remainder of the estate, both real and personal, was given to Christine Nelson, his wife, and she was named as executrix of the estate.

Average Age Was 73 Years.

Sitting in front of the barber shop Monday evening we saw four old gentlemen. We stopped and inquired the age of each. Jerry Beatty said he was 77, T. S. Wilson 74, O. T. Hubbell 73, and A. J. Milligan 69. Their combined ages were 293 years, or an average of 73 years and 3 months to a man. Of course, we have a number of other men who are considerably older, but these happened to be sitting together at this particular time is why we make mention of the matter—Parnell Sentinel.

Preventive Medicine.

Preventive medicine teaches people how to keep well. Communicable diseases like typhoid, diptheria, smallpox, etc., are caused by germs. These germs have certain habits of life, very much as a dog, cat, or rat has certain habits. If the people are familiar with the habits of these disease-producing germs, it is possible for them, through their knowledge of the habits of these germs, to prevent the spread of these germs and thereby prevent disease. From time to time short articles giving the habits of these germs will appear in this paper, under the title of Preventive Medicine.

The expense of these diseases warrants every person and every community in practicing preventive measures. Germ diseases alone cost the United States annually \$3,599,000,000. At least 50 per cent of this amount could be saved if the people would practice preventive medicine.

Address questions on prevention of diseases to Preventive Medicine, University of Missouri, Columbia.

EAT ANYTHING NOW

No Indigestion or Upset Stomach for "Pape's Diapepsin" Users.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterward.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, beside, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOROUGHLY CLEANSSES YOUR LIVER AND THIRTY FEET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning, how gently but thoroughly all the sour bile, undigested fermenting food and clogged-up waste

matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received \$15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springliness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

NEW ROOSEVELT ELECTORS NAMED

Seven of the Eight on Kansas Republican Ticket Will Resign.

POSTLETHWAITE TO STAND PAT

Efforts Will be Made to Place T. R.'s Name at Head of Progressive Column on Ballot—Sign of Peace Among Factions.

Topeka, Sept. 20.—The formal request that the eight Roosevelt electors on the Republican ticket resign their places has been sent to each man by William Allen White. In his request Mr. White points out the possible deception to the voters that would appear if the Roosevelt men appeared under Taft's name on the ballot.

The eight men can have places as Roosevelt electors in the independent column if they so desire, or they may withdraw and stay off the ballot entirely. Seven of the eight men have sent word to Mr. White or to J. N. Dolley, chairman of the state central committee, expressing a willingness to resign, and it is expected that the formal resignation will be forthcoming shortly. Robert Postlethwaite is the only elector opposing the move.

The New Electors.

The new electors to be placed by petition on the ballot in November are: Henry J. Allen, Wichita; Gomer Davies, Concordia; E. J. Barker, Gering; Johnson county; J. S. Billings, Belleville; L. W. Keplinger, Kansas City, Kan.; Jesse N. Shackleton, Winfield; Mike Sutton, Dodge City; H. M. Boe, Norton; L. T. Smith, Newton; William Allen White, Emporia.

This action is the first sign of harmony. The Taft supporters all along have threatened to bolt if Taft's name was not placed at the head of the Republican column. The end of the fight is at hand.

To Complete Third Party.

Linked with the action of W. A. White comes the news that an effort will be made immediately to place Roosevelt's name at the head of the Progressive column and over the newly named electors.

When that is done the third party will be complete in Kansas. Every voter will have a chance to make known his preferences. No one will be deprived of his vote. When the votes are counted the real test of the strength of Roosevelt and Taft can be seen in figures.

As soon as the electors resign, the new electors will be placed on the ballot by petition. It was necessary to name new electors by petition as it could not be known in time if the old electors would stay in the Republican column. The decision to ask the old electors to resign was taken by Mr. White for the reason that no suit was brought against the secretary of state to keep Taft's name off the Republican column. Neither White nor Roosevelt wanted T. R. electors to appear under the Taft name.

WILL MAKE JOINTS UNPOPULAR

Buyers of Booze at Leavenworth to Stand Trial in Police Court Hereafter.

Leavenworth, Kan., Sept. 20.—Believing that the only way to rid Leavenworth of its joints is to prevent them from being patronized, an order has been issued to the police department on the advice of B. F. Endres, city attorney, and Stewart Brewster, police judge, that all frequenters are to be arrested. Hereafter every person found in a joint raided by the police will be arrested. As a place where liquor is sold is held to be a common nuisance, those found and arrested there will have to stand trial in police court.

FAST TRAINS TO BE ABANDONED

Eighteen-Hour Lake Shore Flyer Too Dangerous, Say Operating Officials.

Cleveland, O., Sept. 20.—Eighteen-hour flyers on the Lake Shore and Pennsylvania roads between New York and Chicago will become 24-hour trains within a few weeks, according to unofficial advice. Frequent accidents recently to the fastest trains in America, it is said, have convinced operating officials that the sacrifice is too great to maintain longer the 18-hour schedule.

Now Kansas Hogs Are Dying.

Larned, Kan., Sept. 20.—The appearance of a mysterious hog disease here is causing anxiety among the farmers. It was at first pronounced cholera, but investigation shows no similarity to any known hog disease. Large numbers of hogs have died. The state agricultural college has been asked to send aid, fear being entertained that the disease is caused by the horse plague.

"Dead" Man Appears in Court.

Sandusky, O., Sept. 20.—While suit was being heard in court here to prove that he was dead, Charles Bretz, who disappeared from Middle Bass island about 17 years ago, walked in to the room and convinced his two sons of his identity. The sons brought suit to recover certain property.

PRESIDENT WANTS NATIONAL BUDGET

Department Heads to Make Estimates of Revenue and Expense.

SEVERELY CRITICISES CONGRESS

In Letter to Secretary MacVeagh Refers to Present Methods as "Surplus Financing"—Insists New Plan be Followed.

Beverly, Mass., Sept. 20.—President Taft has just made public a letter to Secretary of the Treasury Franklin MacVeagh, taking open issue with congress on the question of a federal budget and directing all heads of government departments or independent officers of the government to make their estimates of revenue and expenditures for the fiscal year in conformity with the budget plan.

The president's letter to MacVeagh declared that the prohibition in one of the big supply bills passed by congress in the closing hours of the last session, practically forbidding the use of a budget system, is unconstitutional.

Only Great Nation Without It.

He said no other great nation in the world is without a budget system, pointed out that only through this method can accurate estimates be made for the country's benefit of how the people's money is being expended, and scored the effort of congress to prevent its adoption. His letter to MacVeagh reads in part as follows:

"If the president is to assume responsibility for either the manner in which business of the government is transacted or results obtained, it is evident that he cannot be limited by congress to such information as that branch may think sufficient for his purposes. In my opinion it is entirely competent for the president to submit to congress and to the country a statement of resources, obligations, revenues, expenditures and estimates, in the form he deems advisable. And this power I propose to exercise.

Wants More Publicity.

"Authority is granted for the expenditure of a thousand million dollars by this government each year without any thought as to where the money is coming from. This is done on the theory that there will be no deficit—congress has been doing what has been called 'surplus financing.'

"The recommendation which I have made is this: That in the preparation of data for the budget, you and the head of every other department shall clearly indicate what changes in law are thought to be desirable as a means of increasing the economy and efficiency of the service. What is desired is open handed dealing between the congress and the executive departments and in this the public should be taken into confidence through the broadest publicity that may ensue."

KANSAS AN "AWFUL EXAMPLE"

British Liquor Men Using State's Birth Rate in Local Option Campaign.

Topeka, Sept. 20.—About a year ago the liquor interests started the report that the Kansas birth rate was exceedingly low, due to the fact that little, if any, liquor was used in the state. Figures disproved that. Now the same interests in England are using Kansas in their fight there against local option, asserting that the Kansas death rate is the highest in the United States, due to prohibition.

William Crow, a London attorney, has sent Dr. S. J. Crumrine, secretary of the Kansas board of health, a letter containing the claims of the liquor interests. It says the Kansas death rate is unusually high and contends that the use of liquors is an aid to longevity.

The call states that there are more than 4,000,000 acres of swamp and overflow lands in this state which can be reclaimed.

STRIKERS' PARADE LED TO RIOTING

Mob of 5,000 Attack Street Cars in Superior, Wis.

THIRTY PERSONS WERE INJURED

Trouble Started When Trolleys, Manned by Non-Union Men, Tried to Run Through Procession—Passengers Cut by Glass.

Superior, Wis., Sept. 20.—A mob of 5,000 strikers and strike sympathizers attacked the street cars on the main line in Superior, wrecking six of them and capturing the crews and guards. There was furious fighting and more than 30 persons were injured.

The police fought desperately and finally rescued the car crews, who were being beaten by the mob. The trouble followed a parade of union men, arranged by the Superior Trades and Labor assembly as a testimonial of sympathy for the striking carmen.

Motorman Was Gamed.
Several cars manned by non-union men, which attempted to pass through the procession, were held up and put out of service. The throng threw sticks and stones through the windows and sides, regardless of passengers.

A car was attacked on a principal street by a mob of several thousand persons and windows were smashed. Several passengers as well as both the motorman and conductor were cut and bruised by flying glass and missiles. The motorman gamely stood his ground amid a rain of glass and stone and tried to back his car away from the scene. He was succeeding until the trolley was pulled off.

Sheriff Swears in Deputies.
The attack was being renewed when a squad of policemen with drawn revolvers succeeded in rescuing the car crew just in time to save them from serious injury. The strikers then took possession of the car and ran it to the barn.

Sheriff McKinnon was ordered at 9 o'clock to swear in deputies to preserve order and save human life. He will swear in 200 extra men in the morning. The damage done to the property of the street railway company was great, as several cars were shattered by the mob. Every policeman on the force was on duty, and late in the night a semblance of order had been restored, although many men and boys paraded the streets.

At 10:30 the fire department was ordered ready to disperse the mob with hose, and throughout the night four police automobiles loaded with officers repeatedly charged the crowds.

NEBRASKA PROGRESSIVES WON

Secretary of State Says Names Shall Go on Ballot—Democratic Candidate Files Protest.

Lincoln, Neb., Sept. 20.—Secretary of State Watt ruled that the Progressive party in Nebraska is entitled to have the names of its candidates on the ballot at the general election. An objection has been filed by A. M. Morrissey, candidate for attorney general on the Democratic ticket.

The objection was based on the alleged fraudulent nature of many of the signatures on the petition of the Progressive party.

CANAL NEARING COMPLETION

FIRST VESSEL THROUGH PANAMA IN A YEAR.

Latest Estimate Shows Cost of Construction Will be Million Less Than Expected.

Washington, Sept. 20.—In 13 months a vessel will go from the Atlantic to the Pacific ocean through the Panama canal, according to new, revised estimates just made public at the Panama canal commission.

October 15, 1913, is the tentative date set for the passage of the first vessel through the canal. The christening will be done by a naval vessel.

President Taft has been advised of the latest estimates of Col. Goethals, in charge of canal construction work. The president's approval of the new canal opening program is awaited. Formal opening of the canal will occur January 1, 1915, it is announced.

Commercial vessels will be given its unrestricted use in December, 1914. That the canal will be completed far below the estimated cost of \$400,000,000 is reported by Col. Goethals. It may run as low as \$375,000,000. About another \$1,000,000 will be saved it is said, in bond interest charges.

NEW CATHEDRAL DEDICATED

CARDINAL GIBBONS BLESSED WICHITA BUILDING.

Knights of Columbus Parade and Address by Archbishop Ireland Closed the Day.

Wichita, Sept. 20.—Mardinal Gibbons blessed the new St. Mary's cathedral here before a crowd of people that jammed the big church and swelled into the streets, making it impossible for many to get within hearing distance or even seeing distance of the ceremonies.

The benediction was with holy water and began at 9 o'clock, when the venerable cardinal, accompanied by his assistants, marched into the building amid the chants and prayers of the occasion. Edward Kreiser of Kansas City was at the organ.

Following the sprinkling of the holy water by Cardinal Gibbons, Archbishop Glennon of St. Louis delivered the dedicatory sermon.

Cardinal Gibbons, who had attended a reception at the Wichita club the night before, at which he shook hands with many hundreds of visitors, retiring because of fatigue long before the reception was at an end, did not show any effects of his experience, but sat throughout the sermon of the archbishop.

During the afternoon the Catholics paraded, led by the Knights of Columbus. At night Archbishop Ireland made an address in the forum on the duty of the American citizen.

Through his secretary of state, Merry Del Val, the pope sent a congratulatory message to Bishop Henry on the occasion of the blessing of the new cathedral.

CITY'S OFFICIALS IN CONTEMPT.
Coffeyville Mayor and Police Officers Must Answer to Kansas Supreme Court.

Topeka, Sept. 20.—The Kansas supreme court allowed a citation for contempt against Mayor E. C. Rice of Coffeyville and six police officers, the application for which was made by Hal R. Clark, county attorney. Five years ago the supreme court ordered Coffeyville to cease allowing the joints, gambling houses and disorderly houses to run. The attorney general found it necessary to appoint an assistant attorney general to stop violations of the law in Coffeyville, as the police would not, or did not, do it. The county attorney tried to make the city officials enforce orders of the court and was not successful. Then the contempt proceedings were decided upon. The Coffeyville officials have until October 7 to appear in the court and show cause why they should not be punished for not obeying the court orders.

The Hungry Bullfrog.

"Did you ever know that the bullfrog was carnivorous, or, in other words, a cannibal?" said Nick Gilbert, one of the operators at the electrical bureau. "I never did until several years ago, when it was demonstrated almost before my very eyes. I have been interested in fish culture for years and have made a study of their habits. So that I could study them at closer range, I built a big aquarium in my yard, one that held 650 gallons, and along with a fine collection of fish I stocked it with seven fine big bullfrogs.

"The sparrows used to drink water from the edge of the aquarium and this day, while my wife was looking on, one of the frogs leaped up, caught the sparrow and took it beneath the water. I could hardly believe that a frog would attack and vanquish such a fighter as the English sparrow is known to be, so in the interest of science I emptied the aquarium, and sure enough, down in the bottom was the sparrow. The frog had taken him down below, but either could not swallow him or else did not have the time. Following that I began to miss some valuable Japanese fantails, and, after removing all the frogs but one, waited until I missed another fish, when I killed Mr. Frog and found that he was the robber. Before that I believed the fish had been stolen by cats. The bullfrog is aggressive and can take his own part any time."

T. R. A. MAGICIAN, BRYAN SAYS.

In a Commoner Editorial the Nebraskan Attacks the Colonel.

Lincoln, Neb., Sept. 19.—William J. Bryan in a Commoner editorial today grills Colonel Roosevelt for a recent North Dakota speech and styles the Bull Moose candidate as a sleight of hand performer. The Bryan article says:

"In North Dakota Roosevelt, the magician, waved his wand and divided the voters into two classes—those who are with the Bull Moose party and against Wall street, and those who are against the Bull Moose party and with Wall street. How easy it is; just a few words and all the 'absolutely pure' assemble themselves under the Perkins-Roosevelt standard and the bad divide among the two old parties. And yet that is the same Roosevelt who, less than a year ago, could not see enough difference between Taft and La Follette to justify him in taking sides against Mr. Taft, but as soon as he becomes a candidate himself the man who does not embrace the trusts and shout for a third term becomes an enemy of his country. Can he fool the public with his sleight of hand performance?"

FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of othine—double strength, from any first class drugist and one night's treatment will show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask for the double strength othine, as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

A Popular Window.

The show window of Price & McNeal's furniture store is without doubt the most popular place in town. They have made a regular old-fashioned millpond picture of their window. The little old log mill stands in a wooded place by the side of a good-sized pond in which seven of Mrs. O. E. Jones' Indian Runner ducks and ducklings are having the time of their lives. An electric motor furnishes the power that turns the water wheel and the water runs over merrily. A good old standby customer waits in his wagon in front of the mill and is just ready to start off with his sackful of meal that has just been ground. It's a dandy window attraction and was the work of Clun Price.

Nelson Will Filed.

To the children of his present wife's deceased daughter, Anna Heflin, \$5 was given to be equally divided. The rest and remainder of the estate, both real and personal, was given to Christine Nelson, his wife, and she was named as executrix of the estate.

Average Age Was 73 Years.

Sitting in front of the barber shop Monday evening we saw four old gentlemen. We stopped and inquired the age of each. Jerry Beatty said he was 77, T. S. Wilson 74, O. T. Hubbell 73, and A. J. Milligan 69. Their combined ages were 293 years, or an average of 73 years and 3 months to a man. Of course, we have a number of other men who are considerably older, but these happened to be sitting together at this particular time is why we make mention of the matter—Parnell Sentinel.

Preventive Medicine.

Preventive medicine teaches people how to keep well. Communicable diseases like typhoid, diphtheria, smallpox, etc., are caused by germs. These germs have certain habits of life, very much as a dog, cat, or rat has certain habits. If the people are familiar with the habits of these disease producing germs, it is possible for them, through their knowledge of the habits of these germs, to prevent the spread of these germs and thereby prevent disease. From time to time short articles giving the habits of these germs will appear in this paper, under the title of Preventive Medicine.

The expense of these diseases warrants every person and every community in practicing preventive measures. Germ diseases alone cost the United States annually \$3,500,000,000. At least 50 per cent of this amount could be saved if the people would practice preventive medicine.

Address questions on prevention of diseases to Preventive Medicine, University of Missouri, Columbia.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOROUGHLY CLEANSSES YOUR LIVER AND THIRTY FEET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning, how gently but thoroughly all the sour bile, undigested fermenting food and clogged-up waste

matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.

Mr. and Mrs. Frank Gwinn, Mr. and Mrs. Holmes Kent and children and Mr. and Mrs. Grace Kent and family of near Albany arrived in their touring cars Wednesday and are street fair guests of Mr. and Mrs. M. C. Gwinn of near Bedison. The host and hostess and their guests were at the wedding Thursday.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received \$15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springiness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

NEW ROOSEVELT ELECTORS NAMED

Seven of the Eight on Kansas Republican Ticket Will Resign.

POSTLETHWAITE TO STAND PAT

Efforts Will be Made to Place T. R.'s Name at Head of Progressive Column on Ballot—Sign of Peace Among Factions.

Topeka, Sept. 20.—The formal request that the eight Roosevelt electors on the Republican ticket resign their places has been sent to each man by William Allen White. In his request Mr. White points out the possible deception to the voters that would appear if the Roosevelt men appeared under Taft's name on the ballot.

The eight men can have places as Roosevelt electors in the independent column if they so desire, or they may withdraw and stay off the ballot entirely. Seven of the eight men have sent word to Mr. White or to J. N. Dolley, chairman of the state central committee, expressing a willingness to resign, and it is expected that the formal resignation will be forthcoming shortly. Robert Postlethwaite is the only elector opposing the move.

The New Electors.

The new electors to be placed by petition on the ballot in November are: Henry J. Allen, Wichita; Gomer Davies, Concordia; E. J. Barker, Gering, Johnson county; J. S. Billings, Belleville; L. W. Keplinger, Kansas City, Kan.; Jesse N. Shackleton, Winfield; Mike Sutton, Dodge City; H. M. Boone, Norton; L. T. Smith, Newton; William Allen White, Emporia.

This action is the first sign of harmony. The Taft supporters all along have threatened to bolt if Taft's name was not placed at the head of the Republican column. The end of the fight is at hand.

To Complete Third Party.

Linked with the action of W. A. White comes the news that an effort will be made immediately to place Roosevelt's name at the head of the Progressive column and over the newly named electors.

When that is done the third party will be complete in Kansas. Every voter will have a chance to make known his preferences. No one will be deprived of his vote. When the votes are counted the real test of the strength of Roosevelt and Taft can be seen in figures.

As soon as the electors resign, the new electors will be placed on the ballot by petition. It was necessary to name new electors by petition as it could not be known in time if the old electors would stay in the Republican column. The decision to ask the old electors to resign was taken by Mr. White for the reason that no suit was brought against the secretary of state to keep Taft's name off the Republican column. Neither White nor Roosevelt wanted T. R. electors to appear under the Taft name.

WILL MAKE JOINTS UNPOPULAR

Buyers of Booze at Leavenworth to Stand Trial in Police Court Hereafter.

Leavenworth, Kan., Sept. 20.—Believing that the only way to rid Leavenworth of its joints is to prevent them from being patronized, an order has been issued to the police department on the advice of B. F. Endres, city attorney, and Stewart Brewster, police judge, that all frequenters are to be arrested. Hereafter every person found in a joint raided by the police will be arrested. As a place where liquor is sold is held to be a common nuisance, those found and arrested there will have to stand trial in police court.

FAST TRAINS TO BE ABANDONED

Eighteen-Hour Lake Shore Flyer Too Dangerous, Say Operating Officials.

Cleveland, O., Sept. 20.—Eighteen-hour flyers on the Lake Shore and Pennsylvania roads between New York and Chicago will become 24-hour trains within a few weeks, according to unofficial advices.

Frequent accidents recently to the fastest trains in America, it is said, have convinced operating officials that the sacrifice is too great to maintain longer the 18-hour schedule.

Now Kansas Hogs Are Dying.

Larned, Kan., Sept. 20.—The appearance of a mysterious hog disease here is causing anxiety among the farmers. It was at first pronounced cholera, but investigation shows no similarity to any known hog disease. Large numbers of hogs have died. The state agricultural college has been asked to send aid, fear being entertained that the disease is caused by the horse plague.

"Dead" Man Appears in Court.

Sandusky, O., Sept. 20.—While suit was being heard in court here to prove that he was dead, Charles Bretz, who disappeared from Middle Bass island about 17 years ago, walked in to the room and convinced his two sons of his identity. The sons brought suit to recover certain property.

PRESIDENT WANTS NATIONAL BUDGET

Department Heads to Make Estimates of Revenue and Expense.

SEVERELY CRITICIZES CONGRESS

In Letter to Secretary MacVeagh Refers to Present Methods as "Surplus Financing"—Insists New Plan be Followed.

Beverly, Mass., Sept. 20.—President Taft has just made public a letter to Secretary of the Treasury Franklin MacVeagh, taking open issue with congress on the question of a federal budget and directing all heads of government departments or independent officers of the government to make their estimates of revenue and expenditures for the fiscal year in conformity with the budget plan.

The president's letter to MacVeagh declared that the prohibition in one of the big supply bills passed by congress in the closing hours of the last session, practically forbidding the use of a budget system, is unconstitutional.

Only Great Nation Without It.

He said no other great nation in the world is without a budget system, pointed out that only through this method can accurate estimates be made for the country's benefit of how the people's money is being expended, and scored the effort of congress to prevent its adoption. His letter to MacVeagh reads in part as follows:

"If the president is to assume responsibility for either the manner in which business of the government is transacted or results obtained, it is evident that he cannot be limited by congress to such information as that branch may think sufficient for his purposes. In my opinion it is entirely competent for the president to submit to congress and to the country a statement of resources, obligations, revenues, expenditures and estimates, in the form he deems advisable. And this power I propose to exercise."

Wants More Publicity.

"Authority is granted for the expenditure of a thousand million dollars by this government each year without any thought as to where the money is coming from. This is done on the theory that there will be no deficit—congress has been doing what has been called 'surplus financing.'"

"The recommendation which I have made is this: That in the preparation of data for the budget, you and the head of every other department shall clearly indicate what changes in law are thought to be desirable as a means of increasing the economy and efficiency of the service. What is desired is open handed dealing between the congress and the executive departments and in this the public should be taken into confidence through the broadest publicity that may ensue."

KANSAS AN "AWFUL EXAMPLE"

British Liquor Men Using State's Birth Rate in Local Option Campaign.

Topeka, Sept. 20.—About a year ago the liquor interests started the report that the Kansas birth rate was exceedingly low, due to the fact that little, if any, liquor was used in the state. Figures disproved that. Now the same interests in England are using Kansas in their fight there against local option, asserting that the Kansas death rate is the highest in the United States, due to prohibition.

William Crow, a London attorney, has sent Dr. S. J. Crumrine, secretary of the Kansas board of health, a letter containing the claims of the liquor interests. It says the Kansas death rate is unusually high and contends that the use of liquors is an aid to longevity.

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.

STRIKERS' PARADE LED TO RIOTING

Mob of 5,000 Attack Street Cars in Superior, Wis.

THIRTY PERSONS WERE INJURED

Trouble Started When Trolleys, Manned by Non-Union Men, Tried to Run Through Procession—Passengers Cut by Glass.

Superior, Wis., Sept. 20.—A mob of 5,000 strikers and strike sympathizers attacked the street cars on the main line in Superior, wrecking six of them and capturing the crews and guards. There was furious fighting and more than 30 persons were injured.

The police fought desperately and finally rescued the car crews, who were being beaten by the mob.

The trouble followed a parade of union men, arranged by the Superior Trades and Labor assembly as a testimonial of sympathy for the striking carmen.

Motorman Was Game.
Several cars manned by non-union men, which attempted to pass through the procession, were held up and put out of service. The throng threw sticks and stones through the windows and sides, regardless of passengers.

A car was attacked on a principal street by a mob of several thousand persons and windows were smashed. Several passengers as well as both the motorman and conductor were cut and bruised by flying glass and missiles. The motorman gamely stood his ground amid a rain of glass and stone and tried to back his car away from the scene. He was succeeding until the trolley was pulled off.

Sheriff Swears in Deputies.
The attack was being renewed when a squad of policemen with drawn revolvers succeeded in rescuing the car crew just in time to save them from serious injury. The strikers then took possession of the car and ran it to the barn.

Sheriff McKinnon was ordered at 9 o'clock to swear in deputies to preserve order and save human life. He will swear in 200 extra men in the morning. The damage done to the property of the street railway company was great, as several cars were shattered by the mob. Every policeman on the force was on duty, and late in the night a semblance of order had been restored, although many men and boys paraded the streets.

At 10:30 the fire department was ordered ready to disperse the mob with hose, and throughout the night four police automobiles loaded with officers repeatedly charged the crowds.

Secretary of State Says Names Shall Go on Ballot—Democratic Candidate Files Protest.

Lincoln, Neb., Sept. 20.—Secretary of State Watt ruled that the Progressive party in Nebraska is entitled to have the names of its candidates on the ballot at the general election. An objection has been filed by A. M. Morrissey, candidate for attorney general on the Democratic ticket.

The objection was based on the alleged fraudulent nature of many of the signatures on the petition of the Progressive party.

CANAL NEARING COMPLETION

FIRST VESSEL THROUGH PANAMA IN A YEAR.

Latest Estimate Shows Cost of Construction Will be Million Less Than Expected.

Washington, Sept. 20.—In 13 months a vessel will go from the Atlantic to the Pacific ocean through the Panama canal, according to new, revised estimates just made public at the Panama canal commission.

October 15, 1913, is the tentative date set for the passage of the first vessel through the canal. The christening will be done by a naval vessel.

President Taft has been advised of the latest estimates of Col. Goethals, in charge of canal construction work. The president's approval of the new canal opening program is awaited. Formal opening of the canal will occur January 1, 1915, it is announced. Commercial vessels will be given its unrestricted use in December, 1914.

That the canal will be completed far below the estimated cost of \$400,000,000 is reported by Col. Goethals. It may run as low as \$375,000,000. About another \$1,000,000 will be saved it is said, in bond interest charges.

NEW CATHEDRAL DEDICATED

CARDINAL GIBBONS BLESSED WICHITA BUILDING.

Knights of Columbus Parade and Address by Archbishop Ireland Closed the Day.

Wichita, Sept. 20.—Mardinal Gibbons blessed the new St. Mary's cathedral here before a crowd of people that jammed the big church and swelled into the streets, making it impossible for many to get within hearing distance or even seeing distance of the ceremonies.

The benediction was with holy water and began at 9 o'clock, when the venerable cardinal, accompanied by his assistants, marched into the building amid the chants and prayers of the occasion. Edward Kreiser of Kansas City was at the organ.

Following the sprinkling of the holy water by Cardinal Gibbons, Archbishop Glennon of St. Louis delivered the dedicatory sermon.

Cardinal Gibbons, who had attended a reception at the Wichita club the night before, at which he shook hands with many hundreds of visitors, retiring because of fatigue long before the reception was at and end, did not show any effects of his experience, but sat throughout the sermon of the archbishop.

During the afternoon the Catholics paraded, led by the Knights of Columbus. At night Archbishop Ireland made an address in the forum on the duty of the American citizen.

Through his secretary of state, Merry Del Val, the pope sent a congratulatory message to Bishop Hennessy on the occasion of the blessing of the new cathedral.

CITY'S OFFICIALS IN CONTEMPT

Coffeyville Mayor and Police Officers Must Answer to Kansas Supreme Court.

Topeka, Sept. 20.—The Kansas supreme court allowed a citation for contempt against Mayor E. C. Rice of Coffeyville and six police officers, the application for which was made by Hal R. Clark, county attorney. Five years ago the supreme court ordered Coffeyville to cease allowing the joints, gambling houses and disorderly houses to run. The attorney general found it necessary to appoint an assistant attorney general to stop violations of the law in Coffeyville, as the police would not, or did not, do it.

The county attorney tried to make the city officials enforce orders of the court and was not successful. Then the contempt proceedings were decided upon. The Coffeyville officials have until October 7 to appear in the court and show cause why they should not be punished for not obeying the court orders.

The Hungry Bullfrog.

"Did you ever know that the bullfrog was carnivorous, or, in other words, a cannibal?" said Nick Gilbert, one of the operators at the electrical bureau. "I never did until several years ago, when it was demonstrated almost before my very eyes. I have been interested in fish culture for years and have made a study of their habits. So that I could study them at closer range, I built a big aquarium in my yard, one that held 650 gallons, and along with a fine collection of fish I stocked it with seven fine big bullfrogs.

"The sparrows used to drink water from the edge of the aquarium and this day, while my wife was looking on, one of the frogs leaped up, caught the sparrow and took it beneath the water. I could hardly believe that a frog would attack and vanquish such a fighter as the English sparrow is known to be, so in the interest of science I emptied the aquarium, and sure enough, down in the bottom was the sparrow. The frog had taken him down below, but either could not swallow him or else did not have the time. Following that I began to miss some valuable Japanese fan-tails, and, after removing all the frogs but one, waited until I missed another fish, when I killed Mr. Frog and found that he was the robber. Before that I believed the fish had been stolen by cats. The bullfrog is aggressive and can take his own part any time."
